9. The selection of the candidate rests entirely with the Board, who may withhold the award to a candidate under circumstances of a very extraordinary nature.

10. These prizes are intended to serve as rewards to the second best candidates in view of the fact that there are several prizes meant for the best candidates.

11. The Rules may be revised when necessary, by the Board in consultation with the Donor or his legal representative and the revision will have effect when approved by Government.

**Forest Probationer.**

ORDER NO. G. 1710-13—FT. 322-29-9, DATED 8TH AUGUST 1930.

The question of recruitment to the controlling staff of the Forest Department has been engaging attention for some time past. Government consider it desirable to strengthen the Upper Subordinate and Gazetted Staff of the Department by the direct recruitment of young, energetic and educated men. Four such persons were selected recently and they are expected to be absorbed into the regular cadre of the Department as soon as their training is completed. But in view of the fact that several officers in the gazetted ranks of the service are expected to get superannuated within the next few years and in view also of the expanding needs of the Department, the Chief Conservator of Forests recommends that a sufficient number of men may be recruited at the rate of one a year for the next few years and trained in the different branches of Forest Work.

Government generally approve of the recommendations of the Chief Conservator and are pleased to sanction the appointment of a Forest Probationer on Rs. 90 per mensem during the current year. The appointment will be on probation for two years within which period the candidate selected will be required to undergo the necessary training and pass the requisite local and departmental tests and thereafter he must be prepared to undergo training in Foreign Universities, if deemed necessary.

The selection will be confined to graduates in Botany or Chemistry. Applications will be invited in the usual course and the selection of a candidate for the place will be made on the recommendations of a Committee consisting of the following officers:—

(1) The Vice-Chancellor of the Mysore University—Chairman.
(2) The Chief Conservator of Forests in Mysore. } Members.
(3) The Professor of Botany, Central College. }

The Chief Conservator of Forests is requested to send up the recommendations of the Committee for the orders of Government in due course.

**Rule of the Road.**

OFFICIAL MEMORANDUM.

ORDER NO. L. 865-74—V. P. 37-30-2, DATED 23RD JULY 1930.

Government have reason to think that the indiscriminate driving of carts on the highways and the violation of the rule of the road are due more often to the ignorance of the rule than to any wilful negligence on the part of the cartmen. Government consider it necessary to enlighten the cartmen in the matter and are accordingly pleased to direct that Village Panchayets and Revenue Officers be requested to give publicity to the rule in all villages by beat of drum and by putting up notices in the Village Chavadies and other conspicuous places and warn cartmen found violating the rule.

2. A picture of a string of carts and bullocks in motion as sketched below may also be stencilled on one or both sides of every bridge parapet along the road to the left of the direction in which the cart is to proceed so as to attract attention and show to the drivers that they are to keep to the left of the road.

By Order,
R. RANGA RAO,
*General Secretary to Government.*
